According to the American Dental Association, the total cost for an injured tooth for an individual is \$15-20,000, including all visits and procedures.

FOOTBALL

The National Youth Sports Safety Foundation states, there are annually on average 5 million dental injuries related to sporting activities in the US.

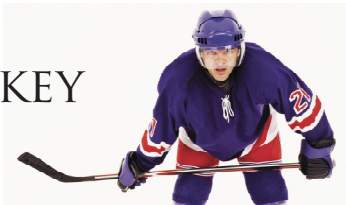

LACROSSE

BASKETBALL

Studies have shown that using a conventional mouth guard still carries a 35% risk for dental injuries. Protech Dent™ Mouth Guard gives you a better choice.

HOCKEY
